1 - Developer, UnB/DNIT, Brasília

March 2023 - July 2023

Worked on front-end and back-end development for an application for DNIT (National Department of Infrastructure and Transport).

Technologies used in the project: .NET, C#, REACT, TypeScript, PostgreSQL, Git, GitHub, and FIGMA.

Education

Higher Education (Bachelor's Degree), University of Brasília

July 2021 - Present

Expected graduation in Software Engineering: Second semester of 2025.

High School, Colégio Sigma, Brasília

January 2017 - December 2020

Courses

Database Systems, UnB - Gama Faculty

March 2023 - July 2023

Software Testing, UnB - Gama Faculty

August 2023 - December 2024

Fundamentals of Computer Networks, UnB - Gama Faculty

August 2023 - December 2024

Fundamentals of Embedded Systems, UnB - Gama Faculty

August 2023 - December 2024

Fundamentals of Operating Systems, UnB - Gama Faculty

March 2023 - July 2023

Data Structures and Algorithms, UnB - Gama Faculty

March 2023 - July 2023

Data Structures and Algorithms 2, UnB - Gama Faculty

March 2024 - June 2024

Languages

Advanced English, Wizard Language Course

2009 - 2018

Intermediate Spanish, Colégio Sigma

2013 - 2017
